Dear Welfare-to-Work acquaintance!

Because of the great success of the last years Welfare-to-Work Conference in Rotterdam we've decided to organize the 2010 edition coming 26, 27 & 28 May 2010 at the SS Rotterdam in Rotterdam, the Netherlands.

Looking at (post-) crisis the theme of this edition will be "Full Engagement & Integrated Services at the local level".

In this period of time Offensive welfare-to-work strategies are needed in which involvement, innovation and workforce-solutions will go hand in hand.

In order to learn from each other's knowledge, experiences, thoughts, ideas and welfare-to-work solutions this conference brings together representatives from (local) government, scientists, researchers and public and private service provider from Europe, USA, Canada and New Zealand.

At this conference we will cross borders of nationality and discipline in order to find adequate answers now they are needed.

With kind regards,
